

Be Sensitive Foundation

Supporting organizations that service the needs of underserved gifted and talented children.

Owner

2017

Our goal is to place the education of gifted and talented children back on the social agenda.

Be Remarkable.

Our mission is an important next step in creating a community that makes education even better.

All children are entitled to an education that helps them reach their full potential. Yet, we have not always provided adequate learning opportunities for our most able and high-performing children and young people.

Gifted and talented children are exceptional, like all children, they need to be encouraged, challenged and inspired if they are to reach their full potential. The Be Sensitive Foundation is committed to a renewed focus on gifted and talented education and a greater support for families, teachers, and educational leaders.

So much of our success is due to trust. Because we trust each other, we are more authentically ourselves, we take smart risks and we achieve greater things as a collective than as individuals. This kind of trust does not mean we know everything, but we do believe in our own capacity to succeed. We welcome participation with strategic partners in their philanthropy and are confident in our collective abilities to accomplish our mission.

We look forward to working with you to put our strategies into action.

Be Remarkable.

[Be Remarkable Projects](#) are an expansive sense of value creation — that embraces the power of the world of education as a matter of urgency.

Our work involves working with specialized advertising, public relations and media agencies to build campaigns and promotions that will heighten awareness of the challenges faced by educational institutions that support the needs of under-served children.
